Recruitment and Staff Accountability

Recruitment and Hiring Project

CPHCS used the substitute contracting process to procure a contract with a firm to recruit, screen and refer qualified candidates for executive and physician positions with CPHCS. This procurement relates to the Recruitment and Hiring Project and pertains to the need to recruit and retain professional quality medical personnel (Receiver's Turnaround Plan of Action Objective 3.1) and executive leadership personnel (Receiver's Turnaround Plan of Action Objective 3.2). An urgent need was identified to have staff in place, as soon as possible, especially a Statewide Medical Executive. The contract was identified as being essential to the critical path of the Recruitment and Hiring Project, and the additional delay that would result from utilizing the Expedited Formal Bid process would significantly interfere with timely completion of the larger project. Therefore, the Urgent Informal Bid process was utilized, and CPHCS chose to issue a request for proposal.
