

APPENDIX 10

Vendors Engaged by the Receiver During this Reporting Period Relating to Services to Assist the Receivership in the Development and Delivery of Constitutional Medical Care Within the California Department of Corrections and Rehabilitation (“CDCR”) and its Prisons

During this reporting period, the Receiver has used the substitute contracting process to assist the Office of the Receiver in the development and delivery of constitutional care within CDCR and its prisons. The Receiver has engaged the following vendor for provision of the services noted:

Pharmacy Project

Medication Cabinets

The Receiver used the substitute contracting process to procure medication dispensing cabinets. This acquisition was via the sole source process to OmniCell, Inc., as it is the only vendor that can provide the specific business needs.

Contracting Project

Medical Registry Services Network Management

The Receiver used the substitute contracting process to solicit a Medical Registry Services Network Management Provider to establish a statewide network of health care providers for temporary/relief medical registry staffing. These health care providers will be used at CDCR institutions and facilities on an as needed basis, to ensure access to and continuity of care for patients located at these institutions and facilities.

The expedited formal bid process was used. Proposals were received from StaffAssist Workforce Management, LLC; Human Capital Select, LLC d.b.a. Healthcare Select ; Management Solution, LLC; Supplemental Health Care; CareerStaff Unlimited, Inc.; AMG-A Management Group; and Cross Country Staffing.

The contract was awarded to Management Solution, LLC.
